**THE WEST MEMPHIS THREE CASE:  
Defending the Falsely Accused**

FEATURING

**JOHN PHILIPSBORN, DENNIS RIORDAN & DON HORGAN**

How did three San Francisco lawyers end up in Arkansas' best publicized case and help vacate a death sentence and two multiple life sentences in what was touted as the "impossible case"?

John Philipsborn, Dennis Riordan and Don Horgan will discuss how they (and Michael Burt) got into the case and what they brought to the table in both the courtroom setting and in the media. Using a "fair knowledge of forensic science issues" and a "creative ability to find useful pressure points in appellate issues," John and Dennis will detail how they "turned around a foul-smelling case."

A short video presentation will accompany the talk.
